

Monthly Order Plan, October to December 2026

Press Farm, Yountville. What the kitchens are expected to order each month, so planting can stay ahead of it. Built from the complete order and delivery history in Press Farm OS, July 2024 through July 2026. Generated July 30, 2026.

How to use this

Find the month. The table lists every field crop the kitchens have taken in that month and how much they took every week, counted in pieces. Where a crop was delivered in the same month in more than one year, the years are averaged. Example: marigolds in August reads about 350 EA blossoms a week, so have 350 blossoms ready every week that month.

These numbers are what the kitchens actually took, not a guess. They cover every delivery ever logged: 418 to PRESS since July 2024, 32 to Under-Study since March 2026, 4 to the Events team and 1 to Press Bar, 4,275 order lines in all. **Plant more than the number.** The field has to carry picking loss, weather and bad germination, so a third extra on top of these numbers is a safe margin.

Units

- Everything is counted in **EA**, meaning each single piece: a blossom, a leaf, a radish, a carrot.
- The kitchens order in LG and SM harvest containers. This plan converts them to pieces: **one LG holds about 50 pieces** and three SM make one LG. The farm price list backs this, one piece is priced at one fiftieth of an LG across the catalog.
- Exceptions: gem marigold runs about 100 blossoms per LG and puff ball marigold about 9 per LG, so their lines use those counts.
- A few bulk crops stay in their own units: **GB** is the big green harvest bin, **QT** is a quart, **LBS** is pounds, **BX** is a box, **CS** is a case.
- Lettuce is cut leaf by leaf and grows back. About half a head of leaves fills an LG.
- Nothing drops below one LG worth per week. Where the kitchens historically took less, the line says at least 50 EA a week, so there is always some on hand in season.

Kitchen timing

Deliveries go out Thursday, Saturday and Monday. The menu changes eight times a year: January 15, March 26, April 15, May 14, June 25, August 27, October 15 and December 10. The kitchen wants samples about three weeks before each change and full picking volume about one week before. Crops need to be ready ahead of those dates, not on them.

October 2026

Crop	Have ready every week
Alyssum	about 100 EA blossoms a week
Amaranth	at least 50 EA leaves a week
Anise Hyssop	about 650 EA leaves a week
Bachelor Button	about 150 EA blossoms a week
Basil	about 200 EA leaves a week
Beans	about 200 EA pieces a week
Borage	at least 50 EA leaves a week
Brassica	about 50 EA leaves a week
Broccoli	about 70 EA pieces a week
Carrots	about 250 EA carrots a week
Cauliflower	at least 50 EA pieces a week
Celery	at least 50 EA leaves a week
Cilantro	at least 50 EA leaves a week
Cosmos	about 150 EA blossoms a week
Cucumber Leaf (1 in)	at least 50 EA leaves a week
Egyptian Starflower	about 60 EA blossoms a week
Fennel	at least 50 EA leaves a week
Field Pea Tendrils	about 70 EA leaves a week
Forget-Me-Nots	about 300 EA blossoms a week
Kale	at least 50 EA leaves a week
Marigold	about 150 EA blossoms a week
Mustard Flowers	about 200 EA blossoms a week, 4 LBS a week
Mustard Leaves	at least 50 EA leaves a week
Nasturtium	about 1050 EA leaves a week
New Zealand Spinach	about 250 EA pieces a week
Peppers	at least 1 LBS a week
Pumpkin	12 LBS a week
Radish	about 200 EA radishes a week
Shiso	about 150 EA leaves a week
Sorrel	at least 50 EA leaves a week
Squash	at least 50 EA pieces a week, at least 1 LBS a week, at least 1 BX a week
Sunflower Sprouts	about 60 EA leaves a week
Turnip Leaves	about 70 EA leaves a week, 7 LBS a week

Zinnias	at least 50 EA blossoms a week
----------------	--------------------------------

November 2026

Crop	Have ready every week
Allium Flower	at least 50 EA blossoms a week
Alyssum	about 80 EA blossoms a week
Anise Hyssop	about 90 EA leaves a week
Bachelor Button	at least 50 EA blossoms a week
Beans	about 150 EA pieces a week
Borage	about 50 EA leaves a week
Brassica	about 200 EA leaves a week
Broccoli	about 60 EA pieces a week
Buckwheat	at least 50 EA blossoms a week
Cabbage	about 250 EA leaves a week
Carrots	about 100 EA carrots a week
Cauliflower	about 950 EA pieces a week
Celery	at least 50 EA leaves a week
Chrysanthemum	at least 50 EA leaves a week
Cilantro	at least 50 EA leaves a week
Cosmos	at least 50 EA blossoms a week
Cress	at least 50 EA leaves a week
Egyptian Starflower	at least 50 EA blossoms a week
Fennel	at least 50 EA leaves a week
Field Pea Tendrils	at least 50 EA leaves a week
Forget-Me-Nots	at least 50 EA blossoms a week
Kale	about 200 EA leaves a week
Marigold	about 100 EA blossoms a week
Mustard Flowers	about 300 EA blossoms a week
Mustard Leaves	at least 50 EA leaves a week
Nasturtium	about 600 EA leaves a week
New Zealand Spinach	about 100 EA pieces a week
Pumpkin	5 LBS a week
Radish	about 400 EA radishes a week
Sorrel	at least 50 EA leaves a week
Turnip Leaves	about 1150 EA leaves a week
Zinnias	about 80 EA blossoms a week

December 2026

Crop	Have ready every week
Alyssum	about 70 EA blossoms a week
Bachelor Button	at least 50 EA blossoms a week
Beans	at least 50 EA pieces a week
Borage	at least 50 EA leaves a week
Brassica	at least 50 EA leaves a week
Broccoli	about 60 EA pieces a week
Carrots	about 100 EA carrots a week
Cauliflower	about 250 EA pieces a week
Chrysanthemum	about 60 EA leaves a week
Cilantro	at least 50 EA leaves a week
Cress	about 100 EA leaves a week
Dianthus	about 60 EA blossoms a week
Fava	about 60 EA leaves a week
Fennel	at least 50 EA leaves a week
Forget-Me-Nots	at least 50 EA blossoms a week
Kale	about 100 EA leaves a week
Marigold	at least 50 EA blossoms a week
Mustard Flowers	about 250 EA blossoms a week, 5 LBS a week
Nasturtium	about 750 EA leaves a week
Radish	about 300 EA radishes a week

Not for planting

These come off trees, vines, established perennials, planter boxes or foraging. They are listed so the picture is complete, but Peter does not need to plant for them.

Trees and vines

- **Apple:** Aug
- **Bay Leaf:** Jan, Feb, Mar, Apr, May, Jun, Aug, Sep, Nov, Dec
- **Bergamot:** Oct
- **Blackberries:** Aug
- **Citrus:** Jan, Feb
- **Creeping Vine:** Aug, Sep, Oct
- **Evergreen Branches:** Jan, May, Jun, Jul, Sep, Oct, Nov, Dec
- **Fig Leaves:** Jun, Jul
- **Figs:** Jul, Aug, Sep, Oct, Nov
- **Grapes:** Aug
- **Green Walnuts:** Jun
- **Kumquat Branches:** Jan, Apr, Jun, Dec
- **Limes:** Jan, Mar
- **Nectarines:** Jul, Aug
- **Olive:** Jan, Jul, Sep, Oct, Nov
- **Olive Branches:** May, Jun
- **Passionfruit:** Jan, Feb, Jul, Aug, Sep, Oct, Dec
- **Peach Blossom Branches:** Feb
- **Peaches:** May, Jun, Jul, Aug, Sep
- **Pears:** Sep
- **Persimmon:** Oct, Nov
- **Plums:** Jul, Aug, Sep
- **Quince:** Aug, Sep, Oct
- **Red Wood Foliage:** Jun
- **Yuzu:** Jan, Mar, Oct

Perennials and planter boxes

- **Aptenia:** Apr, May, Jul, Aug, Sep, Oct, Nov, Dec
- **Cardoon:** Jun
- **Columbine Flowers:** May
- **Hibiscus:** Aug
- **Ice Plant:** Apr
- **Lavender:** May, Jun, Jul, Aug, Oct, Dec
- **Lemon Balm:** Mar, May, Jun, Aug
- **Mint:** Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec
- **Oregano:** May, Aug

- **Purple Stardust:** Apr, May, Jun, Jul
- **Rose Geranium:** Jan, May, Jul, Aug, Sep, Oct
- **Rosemary:** Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec
- **Sage:** Oct
- **Society Garlic:** Apr, May, Jun, Jul, Aug, Sep, Oct, Nov
- **Star Jasmine:** May
- **Tarragon:** Jul, Aug, Sep, Oct
- **Thyme:** Apr, May, Sep
- **Verbena:** Jul, Nov
- **Wormwood:** Aug, Sep
- **Yarrow:** May, Jun, Jul, Aug, Sep, Oct, Nov

Foraged

- **Chickweed:** Mar, Nov, Dec
- **Deadnettle:** Mar
- **Milkweed:** Jun
- **Miners Lettuce:** Mar
- **Oxalis:** Mar, Apr, May
- **Oxalis Flowers:** Jan, Feb, Mar, Sep, Oct, Nov, Dec
- **Peppercress:** Jan, Feb, Apr, Nov
- **Sharp-leaved Fluellen:** Jun
- **Three Cornered Leek:** Mar, Apr, May
- **Wild Cress:** Mar

Assembled from field flowers

- **Flower Bouquet:** Jun, Jul

Changes coming, plant for these

- **Borage up.** Chef Phil wants borage in volume for a wine cellar concept. Last year it ran about 50 to 70 leaves a week in early summer. Plant well past that.
- **Alyssum.** Chef Phil does not want a full row at the farm dedicated to alyssum. Keep it to partial row or edge plantings.
- **Puff ball marigold is new.** Added to the order list in June 2026, about 9 blossoms fill a large. No order history yet, expect orders to start this season.
- **Ox Heart carrots.** PRESS fall and winter only, about 450 carrots a week. One bulk harvest in November of about 8,500 carrots from Quadrant 4 goes into the walk in and carries into late February. The carrot rows in the monthly tables are what the kitchen drew, the planting target is the 8,500.
- **Corn stays in Quadrant 3.** Peter's standing call. Corn has no order history in the system yet.
- **Egyptian star flower** dies in winter even under frost cloth. Replant each spring.
- **Beans** are picked for flowers, tips and pods 1 to 3 inches. Mix varieties for red, pink, purple and peach flowers.
- **Patty pans** are picked at quarter size or smaller.
